

2014 CO-CREATOR CONVERGENCE

We are Family:

Celebrating our Universal, Co-Creative Humanity

A new era of Humanity was birthed named “Homo Universalis” by American Visionary, Barbara Marx Hubbard. Many of us have remembered our promise as members of this new Humanity. It is time to gather our brothers and sisters, strengthen our knowing, and nurture our growing family by co-creating a Field of Consciousness that will serve the highest intentions of Humanity.

A team of distinguished facilitators is eager to collaborate with YOU to explore how we can sustain and nourish our “newborn” family through Universal consciousness and processes of co-creation. Join us for an experiential exchange of ideas catalyzing humanity’s evolution... and leave with your toolbox full of practical ideas worth sharing.

REGISTER NOW ~ participation is limited.

WHAT? We will CONVERGE to build a field of resonance where personal transformation, authentic relationships, and universal consciousness emerge. With respect and encouragement for one another, we honor our diversity and individual gifts, while surrendering into the greater cosmic designing intelligence. Our Essential Selves will dance with the Collective Field of Love and co-create organically over four incredible days. Structured experiential opportunities will be blended with unstructured time for self-renewal in the pristine environment of Sunrise Ranch in Northern Colorado. Steeped in the setting, you will encounter a peace, which honors Universal Being in all its forms—through people, nature and all of creation.

This experiential opportunity for growth and deepening practice will provide myriad tools, resources, and sharing that is sure to expand consciousness as well as service to our communities. We will align with Source, create powerful resonance with one another, and surrender to the field with true co-creative intention. By doing so, we bring the essence of love, unity, and joy into action and embody a universal humanity right where we are!

WHO? If you are drawn to be part of this collective invitation to fully embody “Homo Universalis” and have a deep desire to converge and co-create with kindred souls, please join us. The only prerequisites are an open heart and willingness to explore. Who are we? We are new seekers, sacred activists, and joyful members of a New Humanity. We are authors, artists, musicians, healers and co-creators supporting co-creators! We are visionary leaders and blind followers on a journey of conscious evolution. Everyone who enjoys a spiritual, co-creative community is invited to awaken, share, experience, play, meditate, and evolve together.

WHY? We consciously come together to connect and acknowledge ourselves as members of a Universal Family. We will dive more intimately and deeply into who we are as a family of conscious co-creators, expanding our vision to uplift our global family and the planet. Our intention is to allow space to grow this emerging consciousness and bring this understanding “back home” activating new pathways to service in our homes, neighborhoods, communities and beyond. We will leave the Convergence refreshed and eager to love, serve and remember our collective higher purpose. Come -- be renewed, affirmed, elevated and inspired!

WHEN? Thursday, June 5 to Sunday, June 8, 2104. Registration 10am - noon on Thursday; Convergence begins at 2:00 PM; Convergence concludes Sunday at Noon. It is time to anchor the reality and power of our ability to Co-Create, which happens within a Conscious Community.

WHERE? We will gather at beautiful Sunrise Ranch outside of Loveland, Colorado. Since 1945, Sunrise, an intentional spiritual community of 70+ members, has lovingly stewarded the land and water of its 350-acre ranch. Nestled in a valley between red sandstone and pine-covered granite hills, Sunrise Ranch has diverse ecologies, mature food forests, and an enduring integrative eco-social design. It also boasts a Culinary School as well as a 400-person event dome inspired by Buckminster Fuller and hosts a variety of conscious events. Find out more about this incredible venue at <http://sunriseranch.org>.

EARLY BIRD REGISTRATION: \$99 before April 10, 2014; \$147 April 10 - May 10; \$199 thereafter.

LODGING: Room & scrumptious farm-to-table organic meals inclusive with rooms ranging from \$61 (BYO tent) to \$116/singles. (singles are limited). Commuters: \$45/day.

Barbara Marx Hubbard (via Skype) has been called “the voice for conscious evolution...” by Deepak Chopra. She is the subject of Neale Donald Walsch's book *The Mother of*

Invention. And many would agree she is the global ambassador for conscious change. At her heart, Barbara Marx Hubbard is a visionary, a social innovator. She is an evolutionary thinker who believes that global change happens when we work collectively and selflessly for the greater good. She realizes that the lessons of evolution teach us that problems are evolutionary drivers, and crises precede transformation, giving a new way of seeing and responding to our global situation. www.evolve.org

Marian Head is multi-dimensional. Whether mentoring a new business partner, kicking off a community's 12-week program on *Revolutionary Agreements*,

facilitating ground-breaking international conferences or leading corporate teams to peak performance, Marian Head's passion for community-building and her gift for designing collaborative processes has literally changed the world. She is also a Tai Ji Master.

Marian and husband **Glenn Head** are on a mission to demonstrate through her actions how to live in truth, acceptance and gratitude, with abundant health and prosperity. They believe that by each of us living a positive life today, we will create a positive future for all.
